ABOUT ME

A passionate engineering graduate with a strong interest in frontend development and UI/UX design. Skilled in building responsive interfaces using React and designing user-centric experiences in Figma, Photoshop, and Canva. Creative, detail-oriented, and always eager to learn new technologies and design trends. Capable of turning ideas into functional and visually appealing web experiences. Looking to kickstart my career in a growth-oriented and collaborative environment.

EDUCATION

2020 - 2024	Bannari Amman Institute of Technology	Bachelor of Engineering - B.E.CSE	Percentage - 83.4
2019 - 2020	Maharishi International Residential School	Higher Secondary - HSC	Percentage - 68.6
2017 - 2018	Sagar International School	Senior Secondary - SSLC	Percentage - 67

PROJECTS

Emotion Recognition using through Fusion of Heterogenous Data	Developed a real-time Emotion Detection & Feedback system using React.js with a user-centric UI designed in Figma to enhance customer satisfaction.
Chat Web Applications	Designed an interactive chat web app UI in Figma with a focus on real-time usability and clean user experience.
Car Rental Dashboard	Built a responsive Car Rental Application using React.js and designed a clean, user-friendly UI in Figma for an optimized food ordering experience.
